

STEEL ADAPTERS FOR BRAKELINES

XRP's steel brake line fittings are subjected to the highest quality control standards to insure a trouble-free, race-ready connection. Made of high quality steel and plated to resist corrosion. All male flare adapters are JIC 37°. Some brake line fittings are also available in stainless. To order **stainless** - change the first digit of the part number from a "4" to a "5" EXAMPLE: 481603 changes to 581603. Call for pricing and availability.
